CHAIRMANS MESSAGE

Quite amazingly, we find ourselves reaching to Autumn – where on Earth has this year gone? Is it just me, or has this year just flown by? It certainly has for us at the parish council – we have had quite a change in members thus far, and we now find ourselves with another opening following the resignation of Neil Fowler. Neil served the council extremely well during his brief period with us, and I would like to thank him for his efforts during this time. We have followed due process, and hopefully we will be welcoming a new member onto the parish council within the next month or so. This in itself doesn't appear at all remarkable but in a way it is, because for a long period a few years back, your parish council did not have a full complement of members – I would like to think that by virtue of the fact that we have generated so much interest from individuals wishing to join us, means that we must be doing something right but I promise that we won't be resting on any laurels, and that your parish council continues to be one of the most successful and respected in the county. We do, from time to time have our detractors, and indeed there are some individuals who feel that they should be able to criticise us from time to time – and why shouldn't you – after all the parish council is there to serve you, and does receive funding through your council tax. I'm all for listening to and receiving feedback (whether good or bad), but what I cannot accept is the tone of some of the (funnily enough) anonymous messages that have been left on my home answerphone. I won't go into too much detail about these messages for I am sure that those individuals that left them will no doubt know the details – however, I would welcome an explanation as to the reasons why those that did call did not leave a return number. I, like all of the parish councillors serving you am a volunteer, but my family aren't – and do not either need nor deserve to hear such nasty messages on our answerphone – sadly, and for this reason, I have taken the decision to remove my home number from the listing... however I can still be contacted via my mobile.

Many people questioned the reasons why the parish council did not enter into discussions concerning the proposed development at Grasmere Pastures – or, as the planners like to call it “the land south of the John Wilson Business Park”. Quite simply, the reasons for our supposed silence was due to the fact that Grasmere Pastures is not within the parish boundary – however, we did bide our time, and I am pleased to advise you that on 19th July 2016, I spoke at the Government Inspectors’ enquiry in opposition to the proposed development, citing infrastructure irregularities that would without doubt affect our village. I would like to commend both Robert Jackson and Mark Boardman of the GVRA and SPACE respectively on their representations – all in all I would like to think that a strong case against any proposed development has been made collectively – only time will tell. *(See page 16 for a thank you letter to the chairman from GVRA)*

In June we held our second Fun Day, which - considering the torrential downpours both the day before and even that morning – was a great success. The event raised a total of £385.50p for the Kent, Sussex and Surrey Air Ambulance. We will be arranging a quiz night in September to add to this sum – so please look out for the notices about this. I would like to thank all that attended, and also both Paul and Paddy of the cricket club for their efforts in making the event possible – had you seen the lake that had formed on the grounds the day before, you will understand why I have singled these two gentlemen out! We would like to hold another next year, but to do so requires volunteers – and that’s where you all come in all comers welcome!

Finally, and if I may be slightly indulgent for a second – I would like to say a huge thanks to the staff of Chestfield Medical Centre in assisting me during my recent bout of illness – we are so lucky to have such a marvellous facility.

All The Best, Steve Bailey, Chairman, Chestfield Parish Council

Community Quiz

We are pleased to advise that we are once again organising one of our very popular community Quiz nights. This time all proceeds will go to the Kent Surrey Sussex Air Ambulance, our chosen charity for 2016.

**Friday 23 September 2016
7pm at Chestfield Cricket Club, on
Grasmere Road, Chestfield**

We do hope you will support this event – but be quick!
There are only eight tables of 8 available, at a cost of £56 per table (£7 per head, to include a buffet style meal for all).

There will be a licensed bar run by Chestfield Cricket Club, and we will hold a raffle in aid of the air ambulance.

And Steve, our Chairman, will do his usual act as our very capable and entertaining compere for the evening!

Contact the Clerk, Amanda, on 01227 77 31 21 or email clerk@chestfieldparishcouncil.gov.uk for more information or to book a table.

Own this amazing Chestfield History 2017 calendar!

Chestfield History Society was unable to meet demand for our first (2016) calendar. We have now researched, designed and are printing the 2017 calendar. It features photographs and stories about twelve topics, including Celebrities who have lived here, Chestfield's changing Schooling, Shopping, Gardens, and Sports.

It pictures how local people coped with extreme weather when snow banked up to six feet in 1940, and we have included more air photography showing early road and sports layouts.

The deeper past is explored with a page on the Hales Place inheritance, which gave almost every older building artifacts taken from the ancient Priory that once lay on the land to the east of Canterbury's Archbishop's School.

Here is just one picture from our collection – the Railway “Halt” when it had a waiting room with a coal fire.

Once again we are making copies of the calendar available to Chestfield Clubs and Residents' Associations at cost, so they can raise funds by selling them on to members. We believe the Calendar makes a fascinating present for anyone who knows the area well, and is a great education for younger people.

Find out how the huge supply of lorries at the end of WW1 brought Chestfield its first buses, see our one time Art Deco petrol station, and discover which James Bond local people report their parents seeing stay here in his youth.

If you would like a calendar please email us at chestfieldhistory@gmail.com or leave a phone message at 01227 792788.

The Old Manor House, junction of the Drive and the Drove

Chestfield Road play park improvements

The parish council has resolved to work in partnership with Canterbury City Council to make some improvements to the Chestfield Play Park on Chestfield Road. We feel that it is in the heart of the village and on the main through road and that it could be made a stronger focal point.

Shrub bed improvements – Community project We need you! Can you help us on Saturday 8 October and Sunday 9 October 2016 please?

The large shrub bed behind the play park is to be part of a community project for improvements – we want to remove dead, dying and decayed trees and bushes and remove ivy from other plants. This will permit a full appraisal of the space available for replanting suitable species. Please help us make these and other improvements to the shrub bed over this weekend!

Serco and Canterbury City Council will supervise the event and Serco will assist with uninsurable things (like the use of chain saws) and cordon off the site where needed. The trees to be removed will be recycled into logs where appropriate, for woodburners and also log stores for ladybirds etc on site. The rest of the wood is to be recycled by Serco chipping it on site – and then re-sued on the shrub bed to improve the soil and reduce the amount of waste to be taken away. Please contact the Clerk on 01227 77 31 21 or clerk@chestfieldparishcouncil.gov.uk if you can help.

Other improvements – a new line of Magnolia trees

Whilst the play park is owned and managed by Canterbury City Council, the front of it is actually Kent County Council owned – as it is the old highways verge. There is a stretch of KCC owned tall conifer trees alongside the carparking area, closest to the fenced play area, which are in decline, with fungus and other defects taking hold (however they are not imminently dangerous). KCC have agreed that they will remove and replace these next year hopefully with other native conifers as it is a conservation area, such as Scots pines as replacements. However before that we are planning to have a row of magnolias alongside but closer to the road side too, to be planted in this winter season.

At our recent fun day, one of the exhibitors was Ron Cove, ex-rifleman KRRC, who has published a book of war poetry, and donates all profits to the Gurka Regiment.

In remembrance of the fallen, we are proud to publish the following:

WHERE THE POPPIES GROW

The sky was blue, the day so clear,
Each shell exploded much too near,
A whistle said it's over the top we must go,
To charge across a field, where only poppies grow.

Machine guns that had stood silent for a while,
Began to cut us down when in open file,
Many would never again see the sun's bright glow,
For they lay dead upon ground,
Where only the poppies grow.

When so many failed to come back,
Others made ready for the next attack,
They charged across the same churned up ground,
Where only crushed poppies could now be found.

© R.Cove 2014

Where The Poppies Grow – A Book of War Poems by Ron Cove
(www.dspublishingservices.co.uk)

USE OF BALL PARK AT WHITSTABLE RUGBY CLUB

We have received quite a few enquiries concerning why the ball park at Whitstable Rugby Club has not been openly available to use on a daily basis. You will recall that when the facility was refurbished, it was intended that this would be available with open use for the community. Sadly, and despite much discussion, WRFC have denied us this agreed right of access to date. We will shortly be meeting with their newly-elected committee in this regard and would welcome any representations from residents to support our claim. Please feel free to forward your queries to either Steve or Amanda.

Affordable housing for local people – Update

Chestfield Parish Council led a *call for Canterbury City Council to introduce a local connection criteria in new development sites, that are not rural exception sites, and with a sizeable element of affordable housing, so that at least a percentage of these are allocated to tenants with a local connection to the local area - where there is a local desire for this to be introduced in any consent of that development.*

18 of the other 26 parish councils in the Canterbury district also wrote to CCC supporting us in this request.

A report went to the Rural Area Member Panel on 20 June 2016.

Disappointingly, it advises that the rural connection preference was deemed unfair and this element was removed from the Housing Allocations Scheme Policy in September 2013. Consultation results suggested the majority of respondents preferred the homes to go to those in greatest need instead. The report suggests that to change the Allocations Policy would raise issues of fairness and this could cause discrimination and the city council could be challenged legally. To introduce rural and town preference would also limit mobility.

Accounting statements - 2015/2016 for Chestfield Parish Council

	31 March 2015(£)	31 March 2016 (£)
1 Balances brought forward	129,833	123,343
2 (+) Annual Precept	57,572	58,180
3 (+) Total other receipts	10,337	13,884
4 (-) Staff costs	35,514	36,223
6 (-) All other payments	38,885	26,644
7 (=) Balances carried forward	123,343	132,540
8 Total value of cash and short term investments	123,343	132,540
9 Total fixed assets plus other long term investments and assets	33,036	32,282

Beware – deadly nightshade (Latin name Belladonna) - growing locally!

As we publish this, the fruiting season will be nearing an end, but a resident alerted us to the increasing levels of this lethal plant growing locally.

The berries pose the greatest danger to children because they look attractive and have a somewhat sweet taste. The consumption of two to five berries by a human adult can be lethal. The root of the plant is generally the most toxic part. Ingestion of a single leaf of the plant can be fatal to an adult. Symptoms include dilated pupils, sensitivity to light, blurred vision, tachycardia,

loss of balance, headache, rash, flushing, severely dry mouth and throat, slurred speech, urinary retention, constipation, confusion, hallucinations, delirium, and convulsions. If berries have been ingested immediately seek medical attention.

Councillor surgeries for residents

Ever wanted to speak informally to a parish councillor? Following a successful trial, Chestfield Parish Council has 'councillor surgeries' for residents just prior to the regular parish council meetings. Come along informally between 6.30pm and 7.30pm to the WI hall in Chestfield Road to voice any concerns or give any comments to a councillor – on 12 September, 10 October, 14 November and 12 December 2016.

New opening hours for Swalecliffe library.

A KCC public consultation on new opening hours for Swalecliffe library ran until 28 May 2016. There is no reduction in opening hours but rather a re-alignment of current hours to provide an additional half day service with some easier to remember times for customers. Revised hours are now as follows:

Monday	9am - 1pm and 2pm – 6pm
Tuesday	9am - 1pm and 2pm – 6pm
Wednesday	9am - 1pm
Thursday	9am - 1pm and 2pm – 6pm
Friday	9am - 1pm and 2pm – 6pm
Saturday	9am – 1pm
Sunday	closed

Total opening hours = 40 per week.

Community Survey for Chestfield

Many of you may remember the survey to all households in 2004 which culminated in the Parish Plan document of 2006. From May onwards, the parish council has been leading a repeat of this Community Survey to refresh the original document and highlight the good and bad about living here and find out local people's views on what future changes are needed to improve that area, and what residents want from and for the community.

The refresh is being done in phases. Some roads will already have received their survey, others are yet to do so. PLEASE take the time to complete this survey. Your views are important to us! (And do not confuse this second survey with the Housing Needs Survey delivered to you all in February 2016 – they are different with different aims and outcomes. We aim to publish an executive summary of the Housing Needs Survey in our December magazine.)

What you tell us, will steer the initiatives that the parish council will strive to achieve over the next five years. Change is perhaps inevitable, but an appraisal gives you the opportunity to influence that change, and work towards a thriving community for present and future generations.

Many thanks to those to whom we have already delivered a survey and who have completed it. Whilst your comments will be kept confidential we will publish key details in a future magazine, and a full final report on our website in due course (probably end of 2016 / early 2017)

Pedestrian crossing request - Page 12 of the June 2016 parish magazine reminded you about previous efforts to achieve a pedestrian crossing or traffic island on Chestfield Road. This had been a priority request by residents in the 2004 village survey. The idea was pursued in both 2009 and 2012 for a scheme at the WI hall location or at the play park, in consultation with Kent Highways, but neither can be achieved. The Clerk pursued a scheme for the Maydowns Road end of Chestfield Road but again this cannot be achieved. We have done our best but cannot meet this request!

Chestfield Fun Day Sunday 12 June 2016

Well the weather was not on our side the day before and the morning of the village fun day! Our thanks to the cricket club for somehow salvaging the ground so that the event could go ahead. Thank you too, to all those residents who attended and supported our event, and of course to all who helped us in other ways before and on the day. The Lord and Lady Mayor, Cllr George Metcalfe and his wife attended and we think enjoyed themselves! The photo below shows the Lord Mayor presenting a child, who had completed the very popular treasure hunt, with a Queen's 90th birthday commemorative coin.

As we go to print, the parish councillors are going to evaluate the day and event. If we are to run another one we need your support – please let us know if you would like us to organise another event next year and let us have your ideas, suggestions and even help.

Introducing a better quality NHS transport service

The NHS Canterbury and Coastal Clinical Commissioning Group have launched a new and improved patient transport service across Kent and Medway. New measures to raise standards are being introduced, with greater emphasis on customer care and getting patients home from hospital promptly.

The service, which is for people who cannot get to their NHS funded hospital or clinic appointment in any other way because of their medical or physical condition, is provided by G4S. (who tookover from NSL whose contract expired on 30 June 2016).

G4S's performance will be measured against a Patient Charter, developed by people who use patient transport services in Kent and Medway. There are tighter timescale targets for picking up and dropping off patients, and for how long they spend in transit.

Patients have been involved in preparations for the start of the new service and in making it easier for the PTS eligibility criteria to be applied in a completely fair and consistent way.

The bookings line number is 0800 096 0211 - a freephone number open 24 hours a day, seven days a week.

For further information about patient transport in Kent and Medway, including alternatives for people who are not eligible for patient transport, please visit www.km-pts.co.uk

New electricity operators number 105

On 6th September 2016 a new national phone number "105" will be launched by electricity network operators for customers to call to report or get information about a power cut in their area.

Key points to note about this service are:

Dialling 105 is free of charge, and will put you through to the local electricity network operator – the company that manages cables, power lines and substations that deliver electricity into homes and businesses.

105 is just one way to contact your electricity network operator. Contact by phone or via their website, and most operators are on social media.

Call 105 if you spot damage to electricity power lines and substations that could put anyone in danger. If there's a serious immediate risk, call 999. Vulnerable customers wanting to sign up to the Priority Services Register can still call 0800 169 9970, email psr@ukpowernetworks.co.uk or apply online at www.ukpowernetworks.co.uk/priority

New church and community facility on the Thanet Way Slip Road at Chestfield has now been completed

Riverside Church has been designed as a modern, vibrant and friendly hub for the local area and is situated in the newly converted warehouse complex, next to Amphenol. Provision of low cost office and storage facilities for charities has been created. There is a 300 seater auditorium for conferences and events and many smaller hireable rooms and spaces for a wide variety of activities and meetings.

Caffè Eighty Nine

who run a successful and popular cafe in Tankerton Road (by the Circus) have opened a new branch in the Riverside Campus, serving delicious drinks, snacks and a fantastic lunch menu for those who live and work nearby.

Sunday services begin at 10.30am and everyone is welcome. There is no dress code and it's free. A friendly welcome team are on hand to assist anyone who is new to church. In the week the church will run fun and adventurous activities for children and young people of all ages as well as social events and regular worship and social meetings.

The factory site is still only partly developed and the church leadership are already planning on continuing the work by building two larger halls for sports and recreation activities.

Keep up to date on the latest events and developments by following the church on Facebook or on their new website **www.riversideuk.org**

Nesting birds

Cutting hedges and trees should be avoided between March and August as this is the main breeding season for nesting birds.

It is an offence under Section 1 of the Wildlife and Countryside Act of 1981 to intentionally take, damage or destroy the nest of any wild bird while it is in use or being built. It will be an intentional act, for example, if you or your neighbour know there is an active nest in the hedge and still cut the hedge, damaging or destroying the nest in the process.

This is the advice of the RSPB, taken from their website:

http://www.rspb.org.uk/makeahomeforwildlife/advice/gardening/planting/hedges/the_law.aspx

Parking on double yellow lines

We have been asked to write a reminder to anyone parking on Chestfield Road near the WI Hall to respect the double yellow lines and not park on them please.

This is a plea on behalf of the residents of Green Leas, Fairlawn and The Leas – who find it very difficult – and dangerous – to exit onto Chestfield Road from The Leas if there is inconsiderate parking. Your help is appreciated.

Thank you letter to our Chairman:

Dear Councillor Bailey,

Thank you for your invaluable support in our efforts to oppose the inclusion of Grasmere Pasture in the Canterbury District Plan and, in particular, for your having taken a day out of your busy schedule to attend with Robert Jackson, Rod Wishart and I before the Planning Inspector at the Public Examination Hearing on 19 July.

Your support and your strong submissions to the Inspector at the hearing explaining the adverse effects on the village if the land were to be included in the District Plan for housing development were much appreciated by us all. I shall advise you and the Chestfield Parish Council of further developments with this campaign as they occur.

Kind regards, MARK BOARDMAN, Grasmere Village Residents Association

Herne Bay Road, Swalecliffe. Pastor: Rev. Simon King – Tel 01227 274697
All are welcome to our weekly Sunday services which start at 10:30am.

On the first Sunday of each month we have a joint service with St John's Parish Church in Swalecliffe Free Church, and communion is served on the fourth Sunday each month.

Further details of event can be found on our website:

www.swalecliffe-free-church.com

PARISH COUNCIL MEETINGS

Parish Council meetings are open to all residents of the parish.

There is an opportunity to ask questions with Parish Councillors, or make comments on current issues. Minutes of the previous meetings can be found on www.chestfieldpc.kentparishes.gov.uk. If you do not have access to the internet, and have a specific query, please telephone the Clerk on 01227 773121.

Full minutes are available at each meeting for members of the public. If any resident would like to receive an electronic version of the parish council Agenda for each meeting and the subsequent Minutes, please let the Clerk have your name, address and email address, and she will add you to the circulation list.

Meetings are held at the WI Hall, Chestfield Road and commence at 7:30pm. The Hall is open from 7:00pm when current planning applications are available to view.

The next meetings are: 12 September, 10 October, 14 November and 12 December 2016.

CHESTFIELD PARISH COUNCIL

PARISH COUNCIL MEETINGS are usually held on the **second** Monday in the month. Notices are posted on the village notice boards, and dates are included on the website www.chestfieldpc.kentparishes.gov.uk and in the village magazine

All parishioners are welcome to attend

Meetings which are held in the WI Hall,

Chestfield Road from **7:30pm**. Doors open at

7:00pm when planning applications are viewable.

Do your mealtimes feel like a juggling act?

In a hectic home it's easy to get diverted for longer than intended, and even forget all about your cooking. Mostly, the worst that may happen is that you burn the dinner. But, unattended cooking can lead to a serious fire, that could result in severe damage to your home and may put you, and your family, at risk. Unfortunately, over half of all fires Kent Fire and Rescue Service attends start in the kitchen, with the majority caused by unattended cooking, a build up of grease and fat on the cooker, or by kitchen mishaps, where items such as tea towels, chopping boards or washing baskets have been placed on a hot hob.

Help prevent a kitchen fire:

- Keep an eye on your cooking and remember to switch off your cooker if you have to leave the room
- Use a timer for items placed in your oven or grill to remind when your food is done and to save it from burning
- Plan and prepare - if you know you have a busy week ahead, try and plan in advance and prepare meals that don't require lots of cooking
- Avoid storing or placing household items on your cooker or stove
- Keep your cooker, grill and oven clean to avoid a build up of grease and fat that could start a fire
- Keep children and pets well away from you cooking area
- Ensure electric cookers, toasters and microwaves are turned off at the mains when you have finished using them
- Fit a working smoke alarm on each floor of your home and test it weekly to ensure it provides early warning in the event of a fire.

Fire safety advice at www.kent.fire-uk.org/cooking or call 0800 923 7000.
